Helen and Fred Greguire, owners

Helen and Fred Greguire have been very active in the carnival glass field and have put together a tremendous collection. They are well known across the country through their attendance at conventions and auctions and also because of the fine color book on Carnival Glass which Helen has written entitled "Carnival in Lights," which covers the interesting field of Carnival Glass lamps, shades and fixtures. Most of the items pictured in this book are owned by the Greguires and are included in this auction, such as one of the top rarities in carnival glass — a RED Gone with the Wind Lamp.

This is the last major auction of the year and it is really a great one to end the year with — the fantastic collection of lamps, a beautiful collection of Aqua Opal, Peach Opal, Red Pieces, Pastels, and the whole range of colors in a variety of shapes. There are rare mugs, plates, vases, bowls, watersets, and lots more.

Join your fellow collectors at this last big auction of 1977. There will be lots happening. Plan to be there both days so you don't miss any of the excitement!
