We are privileged to bring a fine selection of Carnival Glass from the collection of Bob and Avonelle Shirrod plus some choice pieces from other PNCGA members.

Avonelle in particular has been interested in Carnival since she was a little girl working with her mother in their neighborhood grocery store. In those times, barter was sometimes a necessity. So, on some occasions, when some of the pretty iridescent "Nancy" glass was offered in payment for badly needed groceries, it was nearly always accepted!

Interest in Carnival continued through Bob and Avonelle's courtship and marriage and they started collecting seriously shortly before becoming members and attending the first ICGA convention. Both are past presidents and charter members of PNCGA and have remained avid Carnival collectors emphasizing both color and condition in their collection. As some of you may recall, both qualities were trademarks of the late Leslie Wolfe's collection. The Shirrods feel fortunate to have been able to purchase many select pieces of Reverend Wolfe's glass and are offering several of these for your consideration at this time.

Although Bob and Avonelle remain dedicated collectors, reasons of health have made it advisable to sell a portion of their collection. They are pleased to offer it as part of the 1987 PNCGA convention!
