

# Northern California Carnival Club Convention

# AUCTION

**Saturday, June 22, 1996 -- 9:30 A.M.**

**Holiday Inn *Holidome* -- 1612 Sisk Road  
Route 99 at the Briggsmore - Carpenter Exit  
Modesto, California**

Seeck Auctions is pleased to be headed for California for the Northern California Carnival Glass Convention. We've put together a nice auction which includes some fabulous rarities along with a good variety of nice glass. Yes, Gannon will be making the trip - so see you in Modesto in June!

Call 209-521-1612 for reservations: Please specify that you are with the N.C.C.C. Convention.  
N.C.C.C. Convention information: *Contact June McCarter at 209-523-6778.*

JIM and JAN SEECK

*Seeck* Auctions

515-424-1116

## WRITE-IN BID POLICY

1. Write-in bids will be accepted by sending the numbers of the item(s) desired and the amount bid on each to:  
**Seeck Auctions, PO Box 377, Mason City, Iowa 50402.**
2. If known by Auction Company, bids may be done over the telephone. (515)424-1116.
3. There is a \$5 handling charge for each successful bid. Shipping and insurance charges are additional.
4. Bidders will be notified by a phone call if their bid(s) are successful. This call will be made 1 - 3 days after the auction is over.
5. Please have all bids in by Wednesday, June 12th. All bids (by mail or phone) after this date may not be carried out.
6. If you do not receive an item that sold for less than your bid, assume we cancelled your bid because the piece of glass had below average color, manufacture problem, damage or was not listed correctly.
7. To receive price lists send: \$20 -- for this auction and next 7 auctions  
\$5 -- for only this auction or individual auction (please specify)

Send to the above address.

- |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
