About this auction: In show business they say, "The Show Must Go On" so on Saturday, June 13th at 9:30 AM we will be auctioning the outstanding Carnival Glass Collection of Christina Katsikas. This collection has been put together over the years with color and condition in mind. You will also see Christina had a knack for hunting down some of the rarest glass available. This is probably the last time you will get a chance to bid on some of this glass for decades. Once this glass gets in some collections, it will be "locked up" for a long time. We hope to see you in Cambridge and of course we will be practicing social distancing. We have plenty of sanitizer and Lysol wipes for you. We will not go over 50% capacity for the ballroom which means we cannot have more than 130 people. Please make your reservations as soon as possible. You can always cancel if you feel the need to, we fully understand. We have provided every possible bidding option available for you to participate in this wonderful auction, so please do what's right for you. As always, we will do our best to make your visit a safe, comfortable, and enjoyable one.
