The Loescher Collection

On Saturday Sept 10th 2022 in Cromwell CT., We will be auctioning a collection that many thought would never hit the market. Well, here it is, The Mavis and Late George Loescher collection and what a collection it is. This well respected collection was put together for over 50 years and had a great time doing so. They loved sharing the collection as you can see by watching their video on HOACGA website. There is a video on that website that they talk about several pieces in this auction all those years ago.

Mavis is proud to present this collection to you in it's entirety without reserve or minimums, it's all here for you to buy and enjoy in your own special collection. Mavis hopes you enjoy your collection as much as her and George enjoyed theirs but it is now time to let you all have a chance to be the caretakers of this wonderful glass from this most iconic collection.

We certainly hope you can make it to the convention to see first hand these amazing pieces, but if you cannot, we will have live internet bidding available to you with live audio and video.
