 HOW VERY EASILY IT IS DONE

How to Take Orders and Get Lee's Valuable Premiums

YOU WILL FIND "LEE'S METHOD" OF SELLING GOODS THE EASIEST KNOWN

Bear in mind that we trust you. You do business on our capital. We ship the goods and premiums together, we pay the freight and give you time to deliver, collect and send us the money.

YOU MAY EARN ANY NUMBER OF OUR PREMIUMS

WE PAY the FREIGHT on EVERYTHING and TRUST YOU with OUR GOODS and PREMIUMS

ALL ORDERS MUST AMOUNT TO \$10.00 OR MORE Read the following instructions carefully. It will avoid misunderstandings and you will find everything contained herein that you wish to know fully explained.

SHOW THIS CATALOG to your friends and neighbors and explain to them that they may select any goods they prefer. You can make up your order from as many different items as you choose, so long as your entire order amounts to \$10.00 worth or more.

As quick as your customers give their order for the goods they want, write their full name and address on the order blank; also be sure to write plainly the number and price of the article ordered, so that we will not make a mistake in filling the order.

As soon as you have secured enough orders (\$10.00 worth or over) to earn the premium or premiums you want, see that the order blank is properly filled out and have the letter of reference on the back of the order blank signed by your postmaster, banker or some responsible merchant (the postmaster will gladly sign it for you) then mail the order to us and we will immediately ship all the goods and all the premiums you select the same day that we receive your order and you need not send us one cent with the order.

NO MONEY WITH ORDER REQUIRED It is not necessary to send any money with your order (if it amounts to \$10.00 or over), as we will trust you and allow you to send the money for the goods after you have delivered the goods to your customers and collected for them.

We allow you (15) days after you receive the goods to deliver them to your customers, collect the money and send same to us.

TAKE YOUR ORDERS IN ADVANCE We cannot fill an order unless our agent has seen all her customers and taken their orders for our goods before she sends in her order to us.

Keep an exact copy of the order you send us, with the name of each of your customers and the number and price of the article each one selected, so that you will make no mistake in delivering the goods when they arrive.

COLLECT THE MONEY FROM YOUR CUSTOMERS AS YOU DELIVER THE GOODS Our agents are not allowed to deliver goods and extend credit. If your customer cannot pay the amount when you are ready to deliver the goods, do not leave them, but call with them again when she is ready to pay for same.

Always notify us as soon as you receive the goods and if in any instance your depot agent requests you to pay any freight charges, pay him, then deduct from the amount due us, but be sure to send us the freight receipt.

THIS CATALOG IS ALWAYS GOOD Do not lose or destroy this catalog, as we will accept orders from it and ship the goods, even if you use it to get up an order five or ten years after you receive it. We keep an enormous stock of goods and can fill orders promptly, no matter when you send them in.

Our goods are sent out on consignment only and our agents cannot use any of the goods or any of the collected money for their own use. The full amount must be forwarded to us and if used for any other purpose it is a violation of the law and the penalty is very severe.

WE GIVE EXTRA PREMIUMS FOR CASH WITH ORDER

We do not ask for any money in advance, but many agents prefer to send cash with their orders rather than ask their banker, merchant or postmaster to sign the "Reference Letter" on back of order blank. When cash is sent with the order, agents are not required to take their orders in advance. Cash orders are always filled upon receipt as we do not have to look up the standing of the party signing agent's "Reference Letter." Sending cash with the order saves considerable time and expense in book-keeping and we are willing to send the Extra Goods or Premiums mentioned below when cash is sent with orders. This is in addition to Regular Premiums.

- FOR CASH WITH A \$10.00 ORDER we will send you FREE, any goods you may select from our catalog to the amount of \$1.00
- FOR CASH WITH A \$12.00 ORDER we will send you FREE, any goods you may select from our catalog to the amount of \$1.25
- FOR CASH WITH A \$15.00 ORDER we will send you FREE, any goods you may select from our catalog to the amount of \$1.50
- FOR CASH WITH A \$20.00 ORDER we will send you FREE, any goods you may select from our catalog to the amount of \$2.00
- FOR CASH WITH A \$25.00 ORDER we will send you FREE, any goods you may select from our catalog to the amount of \$2.50
- FOR CASH WITH A \$30.00 ORDER we will send you FREE, any goods you may select from our catalog to the amount of \$3.00
- FOR CASH WITH A \$40.00 ORDER we will send you FREE, any one of the regular premiums given for a \$10.00 order which you may select.
- FOR CASH WITH A \$50.00 ORDER we will send you FREE, any one of the regular premiums given for a \$15.00 order which you may select.

Remember, it is NOT necessary to send cash with order unless you WISH to do so IN ORDER to get these FREE EXTRA PREMIUMS. YOU CAN ALSO EARN PREMIUMS AND CASH FOR APPOINTING AGENTS FOR US. Read the INSIDE back cover of this catalog and you will see how very easy it is to earn many valuable premiums, as well as big money, by simply appointing some of your friends to take orders for us. Read this great offer now, for it is an unusual opportunity. It is fully explained on the inside of the back cover of this catalog. You will find it so easy to appoint agents.

WHEN WORKING FOR LARGE PREMIUMS

If working for a large premium it is not necessary to make up an order for the full amount of goods required all at one time. We will credit you with each order for \$10.00 or more and when your various orders are sufficient in amount to earn the premium wanted, we will forward it to you with the last order. For instance, if you are working for a Sewing Machine, which is given free for a \$50.00 order, you may send us five \$10.00 orders at various times and you will be credited with each order. When you have sent in a total of \$50.00 worth of orders the Sewing Machine will be shipped with the last order. This makes it easy to earn any of our larger premiums.

IS NOT PEDDLING In taking orders under our plan you are not peddling and no license is required. Please bear in mind that as long as you take orders IN ADVANCE you are not peddling and you do not have to pay a license.

BOYS AND GIRLS MAY TAKE ORDERS FOR US but the order blanks must be made out in the name of the responsible head of the family over 21 years of age.

AGENTS MUST NOT RETURN ANY GOODS TO US UNLESS WE GIVE THEM INSTRUCTIONS TO DO SO When these instructions are received, ship all the goods by freight and send us a duplicate bill of lading. Be careful to put your full name and address on a card and put it in the barrel or box, so that we can credit the goods to you when they are received.

SEND MONEY BY POSTOFFICE MONEY ORDER express money order or registered letter and make all remittances payable to "Lee Manufacturing Co., 35th and Morgan Sts., Chicago."

BREAKAGE AND SHORTAGE We reserve the right to make good any breakage or shortage, but prefer to send replacements with next order. It is impossible almost to prevent breakage and while we make it good, yet we ask you not to make us pay from fifty cents to \$1.00 (and sometimes more) expressage or freight to make the replacement. Just state plainly when sending your next order what is broken, if anything in the previous shipment. In case of breakage or shortage, have your depot agent make a notation of same on the freight expense bill and return the expense bill to us as soon as possible and we will always make it good.

Remember, we pay all freight charges on orders amounting to \$10.00 or over.

If you prefer to take cash commission instead of the premiums, we will allow you twenty-five cents on every dollars worth of goods you sell for us.

OUR GUARANTEE OF PURE FOOD We guarantee that all Lee Products are absolutely pure, are not misbranded, and conform to the requirements of the National Pure Food laws of the United States.

OUR REFERENCES We ask you to carefully read Page One of this Catalog. We reproduce thereon a letter from the First National Bank of Chicago, one of the largest banks in America. Their endorsement of us should inspire your full confidence. Any other bank or any business house in this City can also tell you that we are the largest establishment of our kind in the United States and are absolutely reliable. It pays to deal with a reliable firm.

This is My Personal Message

Please Read It Carefully

JOHN MAGNUS
PRESIDENT

I ask you to read my message carefully for I want to impress upon you some facts, which will be of mutual benefit. I want to say to you first of all, that **this catalogue** contains the most amazing bargains, and altogether the most wonderful values ever known in the history of merchandising. I want to say also that in **this entire catalogue**, page for page, there is not a single word nor a single illustration that is in any way exaggerated. We tell you the facts in words, and we show you the merchandise by pictures, and you may safely depend upon my statement that you will get exactly the goods we describe and exactly the goods our pictures illustrate. I, as President of the Lee Manufacturing Company, which you no doubt realize is the largest of its kind in America, will stand back of every word we say in this catalogue. I stand back of every word we say in every piece of printed matter you receive from us. I watch everything myself, and I don't allow exaggeration of any kind. I want my agents to be completely satisfied. I want them to remain my agents permanently, and I am fully aware of the fact that I could not hope for this, unless we gave big values and unless we gave exactly the goods and exactly the premiums which we promise in our catalogue. Please bear in mind that I personally guarantee all these things to you. You will not be disappointed when you receive a shipment from us. I am certain that you will express yourself just like all our other agents; you will say that we are surely giving more than we promise to give. You will say that the goods and the premiums are even better than the catalogue describes and illustrates. That is the policy of this big house, and because we live up to that policy so faithfully, we have grown to be the largest company of our kind in America. We have always been believers in giving these big values. We have always realized that the people appreciate quality and that it invariably pays to give an agent more than the catalogue promises to give her. Let me tell you once more, that this is precisely what we do in every instance. I earnestly hope that you will seriously read our catalogue, page after page. I do want you to give us a trial order. Of course, you understand that we will be very happy to ship you \$10.00 worth of our goods, but if you can send us an order amounting to \$12.00 or more, I will personally appreciate this big favor. Now, please do not misunderstand me. We will be very glad indeed to send you \$10.00 worth of our goods, and you may have any \$10.00 premium you want, but you know as well as I do, that after you have sold \$10.00 worth of our goods, it is a mighty easy thing to sell \$2.00 additional, and I would very much like your order to amount to \$12.00 or more. If you will make a strong, earnest effort to do this, it will have my personal appreciation, and I am sure you will be able to take a \$12.00 order just as easily as you can a \$10.00 order. If the order amounts to more than \$12.00, I shall like it so much the better, but in any case, I will see that you get the very best premiums and the very best goods the world produces. I sincerely hope that I will have the opportunity of proving the fact that we are giving the greatest values the world has ever known, and I want to also impress upon you that our shipments are made promptly, that we pay the freight on everything, and that we trust you with our goods and our premiums without receiving a single cent from you in advance. You pay us after you deliver the goods and after you collect the money. If in any of your transactions with the Lee Manufacturing Company, you should have the slightest cause for complaint, I urge you to write me personally. I want every one of my agents to be perfectly satisfied, and when there is any cause for dissatisfaction, I seek the opportunity to remedy the trouble personally. In conclusion, I want to assure you again of our big values, of our wonderful premiums and of our prompt and courteous attention to every letter and to every order we receive from our agents. With sincere wishes, I am, Faithfully yours,

John Magnus
PRESIDENT

108 Square Feet Lee's Highest Grade Roofing

This is the best of all "RUBBER ROOFINGS." It has the appearance of rubber, feels like it, and is thoroughly waterproof, but there the resemblance ends. For our **HIGHEST GRADE ROOFING** is made of roofing materials only and affords a roof service that no composition of rubber could possibly offer.

Our **HIGHEST GRADE ROOFING** consists of a strong, fibrous felt, uniformly saturated with a non-volatile compound, making a tough but pliable fabric. This fabric is made absolutely impervious to all elements by being heavily coated on both sides.

The coating on the under side protects against rising steam, vapors, gases, etc., and on the upper side makes a durable wear-and-weather-resisting surface that excels in protective qualities.

Our **HIGHEST GRADE ROOFING** is always pliable and flexible. Continued zero weather will not shrink or crack this roofing, and it contains nothing that will run or ooze out, even in the hottest weather, neither will it dry out and become hard and brittle.

It is 32 inches wide and comes in roll with liquid cement, and large headed galvanized nails; also instruction sheet showing how the roofing should be applied. **108 Square Feet FREE for Selling \$10.00 Order.**

"Marvel" Kitchen Cabinet

This is a very handsome Kitchen Cabinet and most useful piece of furniture ever invented. No family should be without one. You know that when you are baking or cooking, your flour, sugar, spices, lemons, etc., are all in the pantry, and it keeps you running back and forth many times for these things, some of which you spill on the way (can't help it, you know); in fact, the baking proper is the least work, but the running for the necessities and the cleaning up after is by far most of the labor. Now, with the "Marvel" Kitchen Cabinet this running and floor cleaning is all done away with. You don't leave the table at all, because everything you need is in the table itself. When you want to bake you pull out your removable baking board above the drawers, lay on the table and prepare your dough into required shape; thus you need not dirty your table at all. Therefore, all you have to clean up when you are through baking or preparing your meal is the removable board. After having one of these tables, you will realize what a slave you have been to your kitchen work, and find this now a pleasant labor, which takes but one-quarter of your time. The large bins will hold 50 pounds of flour each. Frame is made of hard white maple, highly varnished and polished, thus giving the complete Cabinet a very bright, neat and clean appearance. Has solid leg construction which requires no setting up, and makes the Cabinet very stable and solid.
