The Pat and John Rottschaefer Collection

This year at the 2004 ICGA convention we are pleased to be selling the Pat and John Rottschaefer collection from California. They put together a super collection of glass that is outstanding in iridescence from the rarity to the more available pieces. This is a "Beautiful" collection of glass. Almost every piece in this sale could have been bolded in the listing. They favored outstanding Imperial pieces but have a little of everything including many rare Foreign pieces. No one should be disappointed with this auction!

Don't forget to check out our website for lots of pictures! www.seeckauction.com
