The Carl and Ferne Schroeder Collection  
Preview: Friday Evening

It gives us pleasure to offer at auction the Carl and Ferne Schroeder collection from Wisconsin. They have been instrumental in promoting the collecting of carnival glass and have opened their house and have shared their collection with many over the years. Theirs was one of the first collections that we visited and they inspired us to continue with our carnival glass interest. Year after year Ferne always has a wonderful display in their room which lures people in and then Carl takes it from there! They are wonderful people and have done wonders for the hobby.

As you look through the listing of glass, it proves what years of antiquing and going to conventions has provided. Water pitchers and spittoons, as well as some super rarities and beautiful pieces will make this an exciting auction. Don't miss the HOACGA convention and don't miss this fabulous auction. This auction is open to the public and not only to HOACGA members.

**Don't forget to check out our website for lots of pictures!**
