Selling at public auction will be the fine collection of Jerry and Darlene House of Michigan. Along with the House's we will be selling some very fine Fenton items, in the beginning of the sale, for Dr. Jack Adams. You all know Doc, so you know he only has the finest! This is a very different kind of collection with MUCH diversity. The House's didn't collect by pattern or maker, but by "I like that let's buy it". I'm not sure if we have ever sold a collection with as much diversity as this, BUT again color was a key factor. So, we have some major rarities along with some more common items with outstanding color. Since this collection is so diversified we have gone away from our usual format and just "mixed it up" just like the collection. This will be a fun sale with many items you probably haven't seen for awhile and some items you probably have never seen! One thing you will see ... beautiful iridescence. See you there!
